The 1968 edition of the Rebel wishes to portray the strength and unity which abounds in our small school. But it is really unfair to call our school small. To the students who attend North Duplin, there is nothing small or insignificant in the various activities they are constantly occuppied with.

As we recall our freshmen year, we know that there is nothing so huge as the crowded corridors of a strange school. The endless maze of rooms seem to engulf the tiny freshman as he slowly adjusts to the world of high school.

As the sophomore year passes, we realize that high school can furnish a close association with the group of students who once seemed an ocean of "upperclassmen."

The unity of our small school is felt as never before during the wonderful hectic junior year. The largest thing that we were aware of during this year was the bountiful supply of work associated with such activities as the Junior-Senior Prom, and the pride and sense of satisfaction that we felt at its accomplishment.

As our senior year progresses, we become aware of the serious challenges that face us as we step from our small, comfortable world into a busy, competitive world. The large circle of friends that we have made at our small school will provide us with many memories in the coming years. We realize that we will retain warm memories of a high school that was physically small, but always large in opportunities for knowledge, friendship, and rewarding activities. Therefore, we will attempt to portray the large human qualities of our small school in this 1968 edition of the Rebel.

Mrs. Shelton Taylor

We the Senior Class of 1968 find it difficult to express truly and fully the love and appreciation that we hold for this teacher. She has given fully of herself to our class for four years, as a teacher, advisor and most of all, friend. She has seen us through many hardships, always there to encourage us and bring us through our problems. We shall never forget or cease to appreciate her loyality, kindness and love that she has so willingly given to our class, never failing us for one minute. Remembering this, we the Senior Class of 1968, gratefully dedicate this the 1968 edition of the North Duplin Rebel to Mrs. Marguerite S. Taylor.

Love and best wishes always,
Marguerite Taylor

In Appreciation

We the senior class wish to express our heartfelt appreciation to our advisor, Mr. Williams. We are grateful for all his efforts to help our class during the past four years.

We would also like to express our appreciation to Mr. Grubbs, who has been our principal and friend for four years. His geniune sense of humor and understanding have encouraged our class to seek success in all our endeavors. So the senior class of 1968 would like to take this opportunity to say "Thank you" to Mr. Grubbs.

English

English is the basis of communication for modern man today; therefore, its importance can never be over-emphasized. Throughout the progression from grammar to literature to the fulfilling world of composition, no step is so slight as to be overlooked. The English teachers at North Duplin realize the need for a sound knowledge of English for students who are not planning to further their education, as well as for those who are; and they constantly strive to prepare their students for their future life.

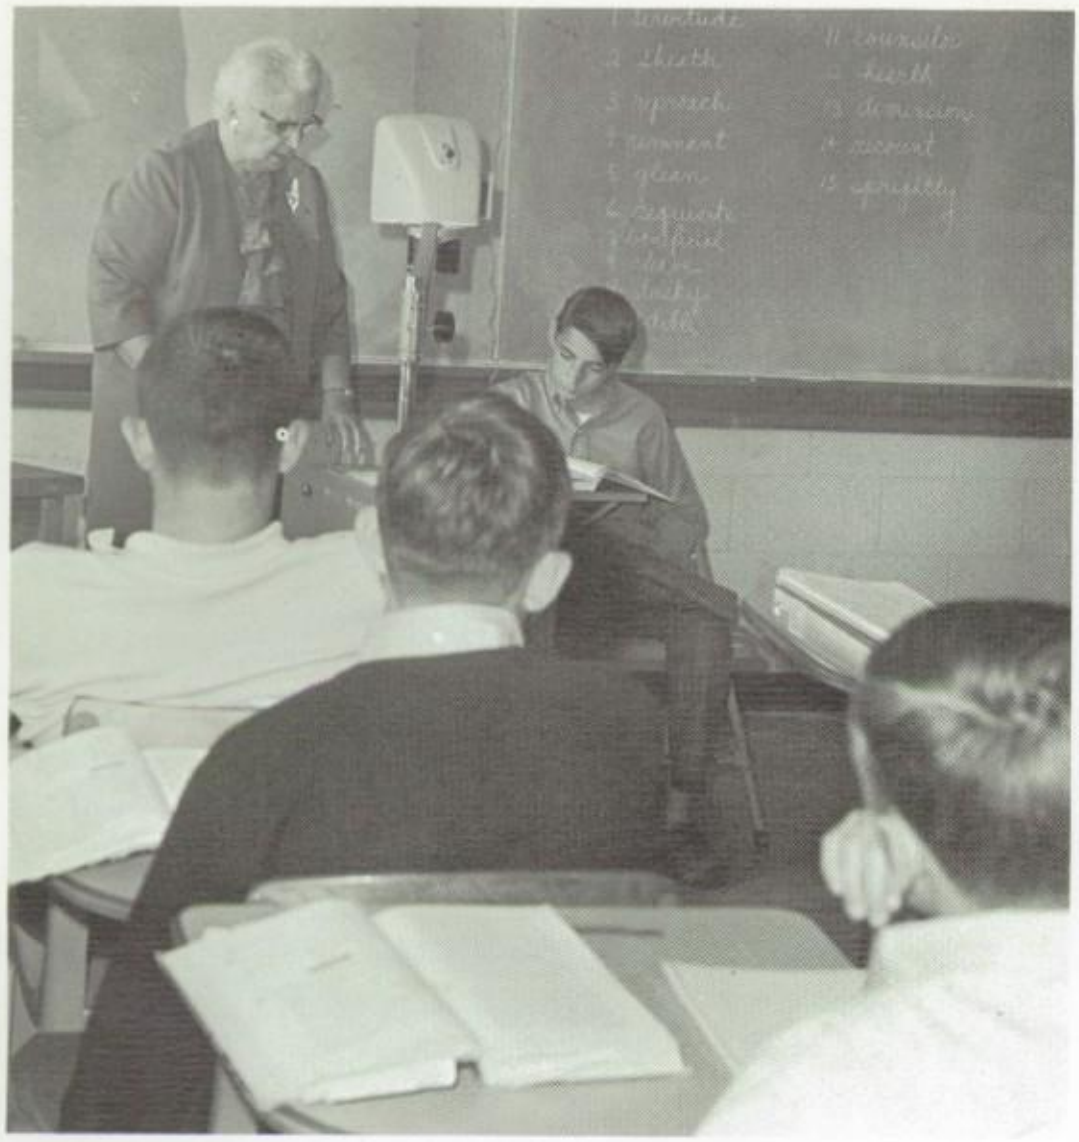
Mrs. Barbara E. Guy
Mrs. Laviece C. Oliver

Science

Nothing is more intriguing to the inquiring student than the study of science. Through science, one becomes acquainted with systematic thinking and is taught to always ask the searching question "Why?". As the complex world of science changes with the advancements made by man, our science department works to achieve and maintain a standard of scientific efficiency through research and experimentation.

Mr. Kenneth Avent
Mr. L. S. Guy, Jr.



Mathematics

Mathematics is an ever-changing world of sets, subsets, unions, and many other more familiar terms for the diligent student today. But a more practical purpose is fulfilled in the application of mathematical methods to logical thinking and conciseness in everyday life. Just as the world of mathematics is ever growing, so is our math department at North Duplin growing. This is demonstrated by the fact that we have added two new courses, Consumer Mathematics and Advanced Mathematics, to our curriculum this year in addition to the regular algebra and geometry courses previously offered.

Foreign Language

The foreign language department at North Duplin tries to give the college-bound student a thorough basic knowledge of a foreign language on which he may elaborate in college. Also, the foreign language department tries to acquaint the student who does not plan to further his education with a language other than English, in order to make his education as broad as possible. It is hoped that through the French courses offered, one may cultivate interests in other languages, as well as in French.

Mr. Richard Kaleel
Mrs. Marguerite S. Taylor

Business

In this modern ever-changing world, business education is of growing importance. The North Duplin business department helps students develop their interest in business subjects and stresses the importance of intelligent choices in business occupations.

Courses offered in this field are: Typing I, Typing II, Bookkeeping, and Shorthand.

Mrs. Josephine W. McKee

Home Economics

An opportunity for studying family living, as well as the basic homemaking skills, is provided by the home economics department at North Duplin. Through these classes, the girls are faced with typical family situations in order to obtain practical solutions to problems which they are likely to face as the homemakers of tomorrow.

Mr. Bobby L. Watson

Agriculture

The agriculture department tries to instill within its students a firm knowledge of the basic techniques of farming and farm life. The most modern scientific techniques are applied to the care of crops and livestock. The agriculture courses are taught with the intent of supplying practical knowledge which will be applicable in the lives of students in their future vocations.

A study of the world of the past, present, and future is offered through our social studies department. Staying informed of current world events is emphasized, as well as a thorough understanding of the effect of past events on our world situation. Students are taught, with the guidance of our social studies teachers, to seek new answers to the problems of the world we live in today.

Mrs. Marguerite S. Taylor

As a young person progresses through high school, nothing is more important than the good advice offered by a guidance counselor. Facing numerous decisions concerning further education or occupational fields is made less difficult through the use of the information supplied by our guidance department. Only a student can fully realize the value of a guidance counselor in aiding one in making decisions which concern the future as well as the present.

Guidance

Mrs. Barbara E. Guy

The library at North Duplin offers many sources from which students may gain pleasure and information. One can often find answers to his own problems in the lives of characters about whom he reads. The escape that many people need at times is offered through the less serious books which abound in our library; in addition there are many reference books which are invaluable to the student who is seeking knowledge.

Governor's School

Two North Duplin High School students were selected to attend the Governor's School of North Carolina, a summer program for gifted high school students. The school was held at Salem College, Winston-Salem, for eight weeks last summer.

Juanita Brock, a 17 year old senior, was offered experiences in the academic area of English. She is the daughter of Mr. and Mrs. Leslie F. Brock of Calypso.

Gerald Bell, a 15 year old junior, was offered experiences in the academic area of mathematics. He is the son of Mr. and Mrs. Delmas E. Bell of Route 2, Mount Olive.

In order to be nominated for the Governor's School a student must have demonstrated intelligence, interest, and aptitude. Candidates nominated for the academic areas have their applications examined and screened by a state-wide committee selected by the Governor's School.

The FBLA Parliamentary Procedure team had the exciting experience of winning the state competition and representing the State at the National Convention in San Francisco, California, this summer. The girls managed to get quite a bit of sight-seeing and fun in the seventeen-day trip and made many new friends among the other delegates. Since the trip was primarily financed by contributions from businesses and friends in this and adjoining communities, the girls are very grateful to the many people whose contributions made this trip possible.

Foul Shot

With two 60's stuck on the scoreboard

And two seconds hanging on the clock,

The solemn boy in the center of eyes,

Squeezed by silence,

Seeks out the line with his feet,

Soothes his hands along his uniform,

Gently drums the ball against the floor,

Then measures the waiting net,

Raises the ball on his right hand,

Balances it with his left,

Calms it with fingertips,

Breathes,

Crouches,

Waits,

And then through a stretching of stillness,

Nedges it upward.

The ball

Slides up and out,

Lands,

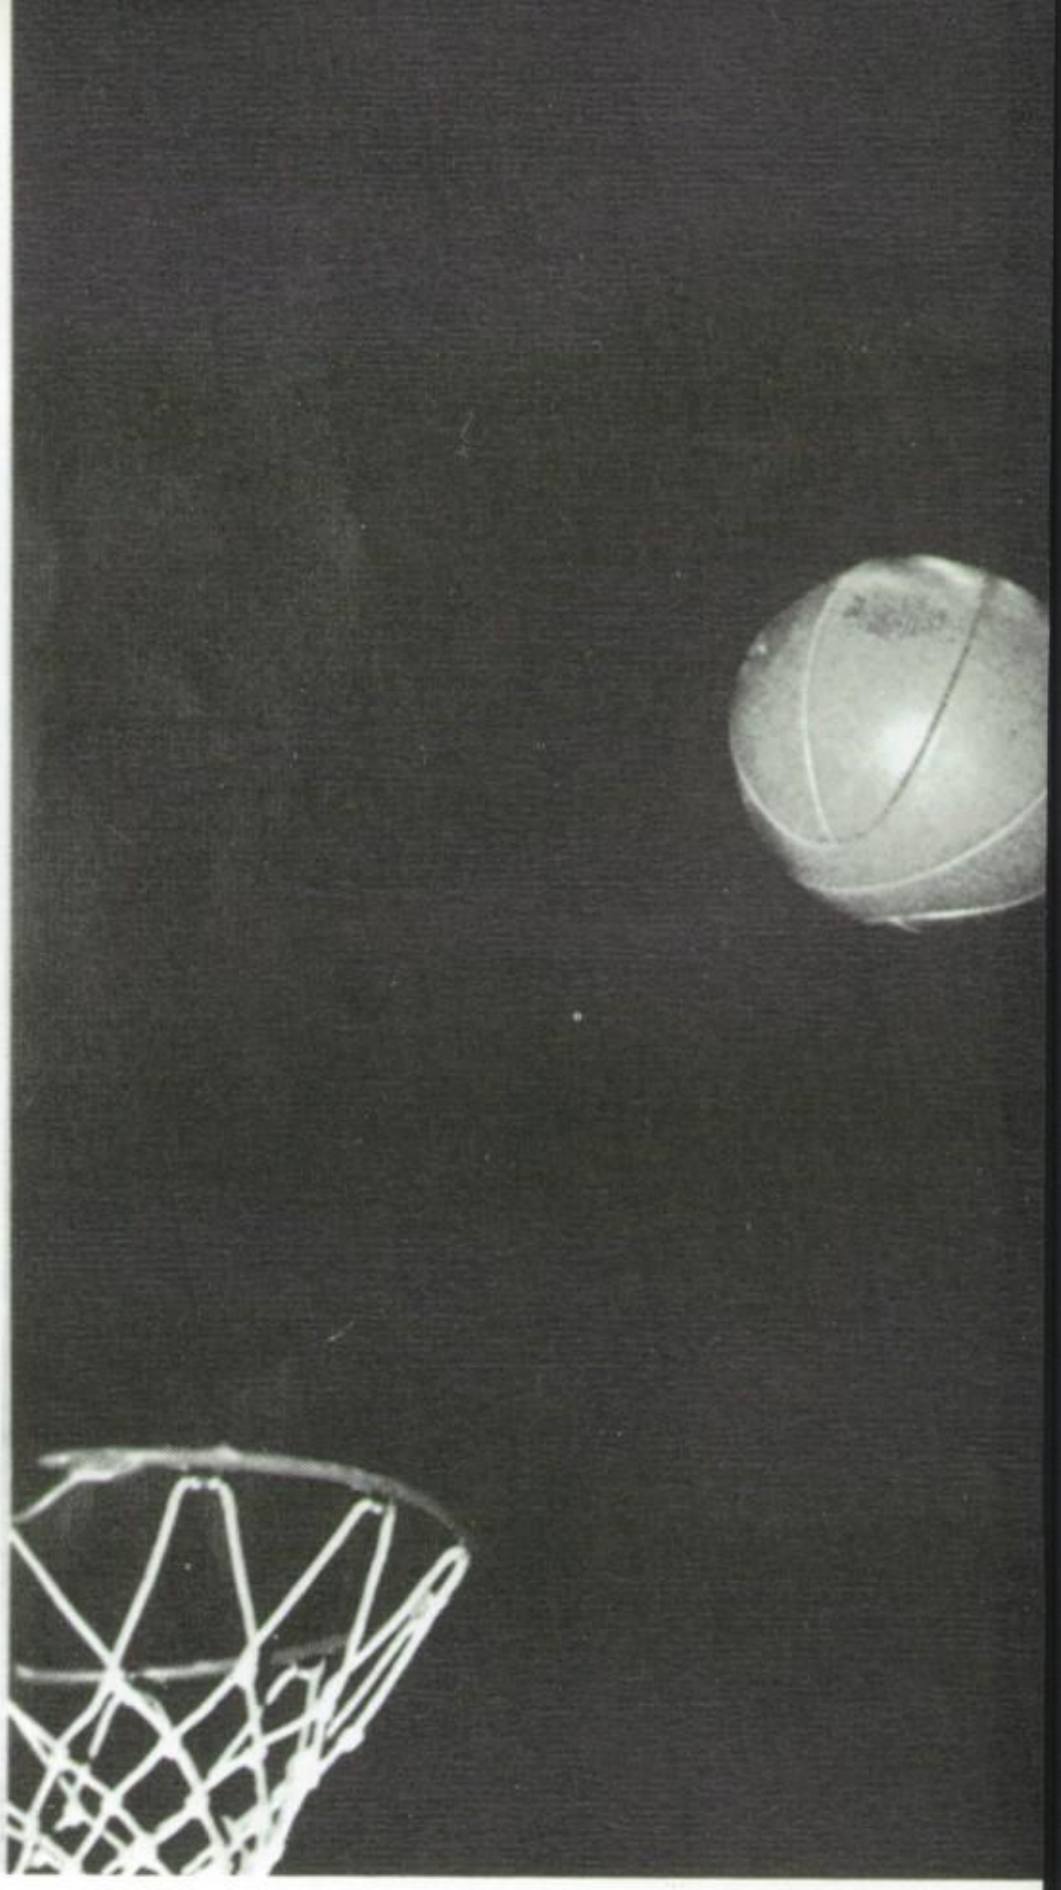
Leans,

Wobbles,

Wavers,

Hesitates,

Exasperates,



Plays it coy

Until every face begs with unsounding screams–

And then

And then

And then,

Right before ROAR-UP,

Dives down and through.

We are all proud of our basketball team and the fine job they have done in representing our school in the past year. Our boys have worked hard and have faithfully attended practice; they should be commended for their efforts.

Throughout this year, as in the past, our goal has been good sportsmanship; this, perhaps, the greatest accomplishment of all.

During the school year our girls have presented a picture of victories, defeats, and strong competition.

Throughout the year our girls have had the joy and satisfaction of knowing that they played the game in a sportsman-like manner.

Through team work, they have developed the ability to work in a group and to get along with their fellow players.

Little Things

"Little words are the sweetest to hear; little charities fly farthest, and stay longest on the wing; little lakes are the stillest; little hearts are the fullest, and little farms are the best tilled. Little books are read the most, and little songs the dearest loved. And when Nature would make anything especially rare and beautiful, she makes it little; little pearls, little diamonds, little dews. Agar's is a model prayer; but then it is a little one; and the burden of the petition is for but little. The Sermon on the Mount is little, but the last dedication discourse was an hour long. Life is made up of littles; death is what remains of them all. Day is made up of little beams, and night is glorious with little stars."

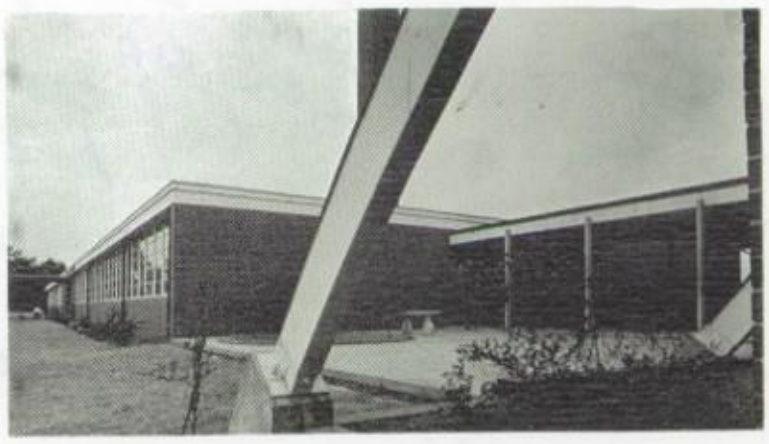
DIXIE MOTOR PARTS

JOBBER OF AUTOMOTIVE PARTS AND SUPPLIES

CLINTON, NORTH CAROLINA 28328



We wish to thank each person who has, in any way, contributed to this edition of the REBEL. This annual would not have been completed without each ad, each word, each picture, and each thought that has been given by many people. We are especially grateful to those who have given so freely of their time to help make this annual a success.

Therefore, the 1968 REBEL staff wishes to express its gratitude to all the people who have worked to help us achieve our goal; a successful annual that will have as much meaning in the future, as it does in the present.

Seniors of 1968

Smokey,
Boy, am I ever honored! The first person to sign your annual. What can one say? We have been through so much together and of course it hasn't always been good, but we pulled through. May our senior year be the best! Good luck in your high ideals and May God Bless.

Love,
Brenda

Smokey,
I just don't know the words to express my feelings. I have enjoyed going to school with you. You do a very nice boy, who I will draw them!
(I think he is kind of cute)

Love Ya!
Michele

Smokey,
For eleven long years we have constantly quarreled. I'm sure this condition will remain constant in the future. Seriously, I know with the abilities you have, that you will go far in life. God Bless you!

Cecile

Smokey, am I ever enjoying your friendship. You have many talents and goals that I know one day you will reach. Bless you, and Good luck to a wonderful person.

Love ya,
Misha

ALLEN BARBEE, SPRING HOPE, N. C.

Smokey,

Thank you for the privilege of letting me sign your annual. I consider this a very high honor. Seriously, I have enjoyed going to school with you for the past 3 years. Typing has been the most fun, except for English. We have really had some times with Mrs. Horton.

May the best of luck come your way in all you do.

Good Luck,
Cynthia R.

Smokey. I mean this is really embarrassing because I don't know what to say. You've got brains to go places and the power to get there. Really, Smokey, I wish the very best that life has to offer. Look, when you make your first million and buy that "Cat", come take me for a ride.

Best wishes. Jean

Smokey,

It's been fun ~~going~~ to school with you these past three years. I'm looking forward to next year. We'll be the best "Seniors" N. D. has seen lately. You know we will, cause we're so great anyway. Smokey, you're a very nice boy and I wish you the best luck the world has to offer (even if you can't pass Algebra II). Good Luck in the Future!!

Sharon H.
(Algebra dropout)
I wish I was.

Smokey,
Dear old N.D. has been fun these past three years hasn't it? It's really been great knowing you and I wish you all the happiness that the future can possibly yield.

Sincerely,
Pat

Smokey,
The best of luck and may God Bless you always.

Billy
Todd

Smokey,
I think you are a great guy it has been a pleasure knowing you for 3 years. I hope we will be friends in the years to come.
Peggy

Smokey,
It has been fun going to school with you at N.D. for the past three years. We will have some more good times together after we graduate if I ever do. Good luck and best wishes in the future.

Best Wishes
Tom Rose

Smokey,
I have enjoyed knowing you and going to school with you these past three years. I will always cherish your friendship even though we have had in out several times. You're one of the nicest person anyone could know. I also want to thank you for the times you brought T.K.t. to my house.

your friend,
Gail (L.)

Smokey,
I have enjoyed these few years of school with you. Best wishes always to a real nice person. A friend
Julie Ann

Smokey,
It has really been great knowing you as a friend and classmate for past few years.
Hope you have a great time at Wake Forest.
A friend always,
Nancy

Smokey
To a very sweet boy with a wonderful personality. We sure did have a lot of fun getting ready for the Junior-Senior, and also alot of hard work.
Be Good, & Be Careful.
A friend forever,
Deborah
To

Smokey,
I have enjoyed going to school with you for the past ten centuries. Just think, one more year to go and we will leave good "ole" North Duplin.
Best of luck always.
Ann N.

Smokey,
I have enjoyed going to school with you the past five years. You are a great friend in time of need. ALWAYS be good and do remember me. MAY GOD ALWAYS BLESS A wonderful person!
Good luck,
Becky

Smokey,
I've enjoyed going to school with you for 11 years. I wish you the best in whatever you do as I'm already sure success will be yours.
Janet Flowers

Smokey,
I have really enjoyed knowing and going to school with you. Kep up your ways and I know you will go far. Best of luck to a good kind, and may you have all the world can offer.

a true kind always,
Wayne King

Smokey,
We've enjoyed the good times you've help make possible. Hope fun to skip class or some of our half-ass excuses. Be a good boy. always set your goals high so you will never stop trying to excel. See you next year.
Mark

Smokey,
you are absolutely smart! I know you will go a long way in life. When you make your first million please remember poor little me. May all your dreams come true and May God Bless you!

A friend always,
Debbie Bell

P.S. (take care of that million dollar voice!)

Smokey,
It has been indeed a pleasure knowing + going to school with you these eleven years. Smokey, you are a very deserving person and one who will go far in life. Keep up the fine work in school and I'm sure you will succeed. I enjoyed being your campaign manager even though I did not quite do a good enough job! Best Wishes always to a "swell guy."
